The Home Delivered Meals Program is designed to provide a well-balanced daily meal to homebound older adults who are unable to prepare adequate meals for themselves and have no other means for assuring healthful nutrition.

On Monday, Wednesday and Friday, a hot meal is delivered to the older adult's home. Tuesday and Thursday meals are a cold bag lunch delivered with the previous day's hot meal.

Volunteers from the local senior center deliver the meals to the older adult's home. The Northeastern Senior Center is seeking volunteers for home delivered meals, please call **717-266-1400** if interested. Although this is a brief contact it does provide a check on the well being of the homebound individual. The home delivered meal service is not a cost shared service.

Monetary donations can be made to the York County Area Agency on Aging.

Care managers need to complete an in-home assessment to determine eligibility for Home Delivered Meals.

Eligibility for Home Delivered Meals

To be eligible for Home Delivered Meals services an individual must be:

- A York County resident in a non-institutional setting.
- 60 years of age or older.
- Have a physical, mental or emotional disability, which prohibits the individual from leaving his/her residence on a regular basis and/or prevents them from preparing a nutritious meal.
- Living alone or with someone who also meets the above criteria.

TIPS FROM YOUR TAX COLLECTOR

County/Township property tax bills will be mailed on February 15, 2019. If you do not receive a bill, please contact the tax office immediately. Payments at discount will be accepted through April 15, 2019. Special hours for the discount date will be included with your tax bill. As always, **please write a contact phone number on your check!** Unlisted phone numbers make it difficult to reach you if there is a question or problem with your check.

Pennsylvania offers a Property Tax/Rent Rebate Program to help defray the cost of real estate taxes. The program is available to individuals 65 and older, widows/widowers age 50 and older and people with disabilities over 18. Please check with your tax preparer to see if you meet the income requirements to benefit from this program. If eligible, you must include “stamped” copies of your 2018 tax bills as proof of payment with your application. Contact the tax office if you need stamped receipts.

For your protection, we are not able to change the name printed on your tax notice. The name on the tax bill comes from the York County deed database. If you'd like to change your name due to marriage, etc. it must be changed at the Recorder of Deeds office. The only exception is we can remove a deceased spouse's name from the bill at the surviving spouse's request.

Please call the tax office at **717-767-6689** with any questions.

Jean Stambaugh
Manchester Township Tax Collector

Tax Collector Window Hours

Tuesday – Wednesday – Thursday
12:00 – 3:00 pm
except for holidays.

As always, a secure night slot on the **outside** of the township building is available for payments when the window is closed.

STREET OBSTRUCTIONS

Chapter 21 Part 2 of the Manchester Township Code of Ordinances prohibits the placement of various items within the street or street right of way of all streets within the township. Placing any of the following within the street could result in you being issued a fine. PLUS it is hazardous to the motoring public and could cause injury.

Prohibited in the street are Sports Equipment of any kind, unattached trailers whether licensed or not, building or landscaping material (including mulch or stone) and **THE BLOWING, PUSHING, PLACING OR PLOWING OF SNOW FROM PRIVATE PROPERTY ONTO THE STREET.**

A violation of this ordinance could result in up to a \$600.00 fine for each day the violation exists plus any cost incurred by the township for the removal of the obstruction.

PLAN AHEAD FOR BUILDING PERMITS

All construction, additions, placement of prebuilt structures (sheds, swimming pools, etc), paving, patios, fences, and decks require that a permit be obtained **BEFORE** any work can legally be started. This includes inflatable swimming pools over 18" if new or previously removed.

State law requires the township to adopt the Uniform Construction Code (UCC), better known as the "building code". The UCC allows a municipality up to 15 working days to review a permit application for residential properties and either grant or reject the permit from the time a completed application is submitted to the municipality. A completed application includes a completely filled out application form, 3 copies of a site plan for the entire lot showing all **existing and proposed** improvements on the lot (including driveways, buildings, patios, decks, and sidewalks) with all dimensions and distances to property lines and 3 copies of all documentation related to the proposed improvements. Manchester Township strives to process the permits as quickly as possible although during busy times of the year it may take the full 15 working days. **NO WORK** can be started until you have a granted permit in hand and a placard placed in a location that can be seen from the street.

STORM WATER MANAGEMENT REQUIREMENTS

Any building or zoning permit application that proposes any new impervious area must first satisfy the requirements of the storm water management ordinance.

Ultimately it is the property owners' responsibility to control runoff from their property.

This requirement is a mandate from the United States Environmental Protection Agency EPA, Pennsylvania Department of Environmental Protection DEP and the County of York. Manchester Township passed Ordinance 2012-05 in order to comply with the mandate. Failure to comply with the mandates would subject the township as a whole to penalties from either DEP and/or EPA.

Put simply, if property owner builds or places on their lot something that covers the ground so that rainwater cannot penetrate or that will not allow grass to grow something must be done to allow the runoff to soak into the ground under a normal rain condition.

Anyone applying for a Building or Zoning Permit is required to address the storm water runoff from any new impervious area to be installed or placed on any lot.

You will need to know the measurements of all structures, patios, sidewalks, swimming pools and paving, existing and proposed, on your lot in order obtain a storm water permit to meet these requirements **BEFORE** a building or zoning permit will be able to be issued.

MS4 Municipal Separate Storm Sewer System

PLEASE DO NOT POLLUTE

10 things you can do at home:

1. Use fertilizers sparingly and sweep up driveways and gutters.
2. Never dump anything down storm drains or in streams.
3. Vegetate bare spots in your yard.
4. Compost your yard waste.
5. Use least toxic pesticides, follow labels, and learn how to prevent pest problems.
6. Direct downspouts away from paved surfaces; consider a rain garden to capture runoff.
7. Take your car to the car wash instead of washing it in the driveway.
8. Check your car for leaks and recycle your motor oil.
9. Pick up after your pet.
10. Have your septic tank pumped and system inspected regularly.

**For additional information visit:
www.epa.gov/npdes**

SEWER BACKUP CLAIMS

Under the Pennsylvania Governmental Immunity Statute, Manchester Township has limited legal responsibility for sewer and water backups. You should contact your homeowner's or commercial insurance agent to make sure you carry coverage for sewer and water backups under your homeowner's or commercial property policy. Some homeowner's policies do not include this coverage automatically. We recommend that you purchase this valuable coverage.

SNOW REMOVAL

Snow removal presents a challenge to Manchester Township. During an active snowstorm the public works department will attempt to keep open the major routes (arterial and collector) streets of Manchester Township to facilitate the movement of emergency vehicles. As a storm subsides the snowplows will methodically plow each and every public street in Manchester Township. Residents can assist the public works department by moving, where possible, vehicles off of the streets during and after the storm event.

According to the Pennsylvania Second Class Township Code, responsibility for the maintenance of sidewalks rests with the adjoining property owner. Therefore, remember to be a good neighbor and remove snow from sidewalks to keep them safe for pedestrians.

The Township is NOT RESPONSIBLE for damage to mailboxes since they are located in the right-of-way.

Manchester Township **DOES NOT** provide snow and ice removal on any state roadways.

HELPFUL HINTS

1. When shoveling out the mouth of your driveway, deposit snow to the right or “downstream.” This will help to avoid the re-depositing of the snow in your driveway when the plow comes to your street. Remember it is impossible to not have snow pushed into your driveway. Please do not throw the snow from your property into the street.
2. Please allow yourself some additional time to travel.
3. Use common sense and “Be Patient.”
4. Keep a flashlight, a battery powered radio and emergency equipment available in case of a disruption in power.

FIRE HYDRANTS

Clearing snow away from fire hydrants is a very important responsibility.

The fire department asks residents to clear a **36-inch path around hydrants** to allow for access.

If you join together with your neighbors, it only takes a few minutes to ensure the fire hydrants are clear of snow. Please take the few extra minutes needed to protect your home and family.

SMOKE TESTING SEWER LINES

Monday through Friday
7:00 am to 3:30 pm

NOTICE – Manchester Township Public Works Department periodically conducts smoke tests of the sanitary sewer lines.

Smoke **should not** enter premises unless a leak is present. This smoke is non-toxic, non-corrosive, and will not leave a stain. If smoke enters a home, it will soon dissipate. Opening doors and windows will help. Any presence of smoke within the house should be reported to the township office at **717-764-4646**. Avoid unnecessary exposure to the smoke. The smoke is relatively harmless, but all smoke is temporary and quickly disappears after exposure has ceased.

COMMUTER SERVICES OF PENNSYLVANIA

Serving Adams, Berks, Carbon, Cumberland, Dauphin, Franklin, Lancaster, Lebanon, Monroe, Perry, Pike, Schuylkill & York Counties

Commuter Services of Pennsylvania is a non-profit organization that offers *free* services to commuters about their options for getting to and from work. Our Rideshare and Emergency Ride Home programs provide necessary tools to commuters in order for them to successfully switch from driving alone to a green commuting option; such as carpooling, vanpooling, bicycling, walking or riding transit. Using a green commute mode is a great way to save money and help improve air quality. For more information visit www.PaCommuterServices.org or call 1.866.579.RIDE.
