## Budget Adopted

### MANCHESTER TOWNSHIP 2009 GENERAL FUND

On December 9 2008, the Board of Supervisors adopted the 2009 operating budget. The budget includes a \$9,216,910. general fund and \$4,056,910. in other funds for a total of \$13,273,820.

The adopted general fund budget retains a real estate tax millage of 1.00 mills. The budget does not include any additional service fees for refuse/recycling collection, and disposal, the annual cost for which has increased from \$154. per collection point in 2008 to \$154.05 per collection point in 2009. The 2009 budget also includes a \$52.00 Local Services Tax in place of the previous \$10.00 Occupation Privilege Tax. This change allows the increased cost of emergency services to be shared with the many persons who are employed in Manchester Township, without placing the burden of increased public safety costs totally on property owners.

## Snow Removal

It's that time of year again. Time to get out the snow shovel and de-icer and get ready for whatever Winter may bring. In an effort to expedite the snow removal from the street we ask that you PLEASE remove your vehicle from the street during a storm. This will enable the Public Works Department to clear the streets and get you on your way in a reasonable amount of time.

The Public Works Department has 11 trucks equipped with snow plows to take care of the township streets and state roadways as listed. We will do our best to clear your streets, so please be patient and remember we have probably worked many hours before you have to start shoveling.

Thank you - Manchester Township Public Works Department

In addition to 91.09 miles of adopted township streets, Manchester Township has a winter maintenance agreement to provide winter maintenance services on the following 7.43 miles of state roadways:

### **CHURCH ROAD**

(from Susquehanna Trail west to Township Line)

### **GREENBRIAR ROAD**

(from Roosevelt Avenue to Township Line)

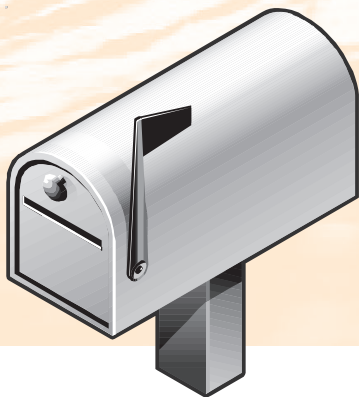

### **SUSQUEHANNA TRAIL**

(from Stillmeadow Lane to Church Road)

Please note that for public safety purposes, arterial roadways receive priority attention before development streets are cleared of snow.

### **HELPFUL HINT:**

When shoveling out the mouth of your driveway, deposit snow to the right or "downstream." This will help to avoid the redepositing of the snow in your driveway when the plow comes to your street. Remember it is impossible to not have snow pushed into your driveway. Please do not throw the snow from your property into the street.

### **MAIL BOX POLICY:**

The township IS NOT responsible for mailboxes since they are located in the right of way.

# A Note from the Board of Supervisors . . . . .

Dear Residents,

The Manchester Township Board of Supervisors had a difficult task in balancing the 2009 budget knowing that the revenues would be down from previous years. With this information and considering the state of the national economy, the board decided not to change the 1 mill municipal real estate tax so not to pass the burden on to property owners. In addition, it was our highest priority to maintain the same quality services which residents have become accustomed to over the years.

However, in order to balance the budget, the board was presented with a few options for additional revenue sources. The only option seriously considered which would affect the fewest number of residents was changing the \$10 Occupational Privilege Tax (OPT) to the \$52 Local Services Tax (LST) that is paid by persons who are employed in Manchester Township. In prior years, Manchester Township was one of the few municipalities in York County that had not implemented the \$52 LST as other revenues were sufficient to meet operating expenses. The board of supervisors, at its November 11, 2009 meeting, adopted an ordinance that repealed the \$10 OPT and imposed the \$52 LST beginning on January 1, 2009.

The July, 2008 Manchester Township Recreation Newsletter included a letter addressing a sewer districts rate study. This study was completed and presented to the board of supervisors on October 14, 2009. As anticipated, the study indicated that the Manchester Township Municipal Authority and Board of Supervisors would need to increase the customer sewer rates to comply with the federally mandated Chesapeake Bay Cleanup Strategy for Biological Nutrient Reduction (BNR) by 2010. The board of supervisors subsequently decided to spread the cost of the compliance equally among all sewer districts. Beginning with the April 1, 2009 quarterly sewer bill, there will be a \$25.00 per quarter surcharge added to each customer bill to generate revenue needed to comply with the Chesapeake Bay Strategy.

If you have any questions regarding the above information please contact the township office at 764-4646.

## Tips from the Tax Collector

I often get requests to change the tax record when a name changes due to marriage or divorce. **The source for the name on your tax bill is the name recorded on the deed to the property.** If your name appears incorrectly on the tax bill, please check your deed or contact the York County Recorder of Deeds to ensure that the deed is recorded correctly. If you want your name changed on the tax bill, you must update your deed. The only exception to this rule is when a person on the tax record is deceased. The name of the deceased owner can be removed without recording a new deed by notifying the tax office.

Just a reminder for those applying for the State Property Tax and Rent rebate program - the State requires stamped receipts. If you need a stamped receipt, please make sure you bring or send both halves of your tax bill when paying. If you have not done that for 2008, contact the tax office before sending in your application. Application forms and guidelines are available online at the PA State website or from your local Representative's office. The Area Agency on Aging can also provide assistance.

Please call the tax office at 767-6689 with any questions.

Jean Stambaugh  
Manchester Township Tax Collector

### Tax Collector – Window Hours

**Tuesday, Wednesday, Thursday**  
**Noon – 3:00 pm**  
closed on holidays

As always, a night slot on the outside of the Township building is available for payments when the window is closed.

*If you need a stamped receipt, enclose a stamped, self-addressed envelope, along with both halves of your tax bill, and we will promptly return a receipt.*

## Please Recycle

In addition to weekly trash removal, Manchester Township residents are reminded that in accordance with Pennsylvania Act 101, the following recyclable items are collected on the same day as the regular trash:

GLASS NEWSPRINT ALUMINUM/BIMETALS CARDBOARD PLASTICS

### Recycling Hotline: Earth 911 (www.Earth911.com)

By simply typing in your zip code, this hotline helps you locate recycling centers in your community "for all types of recyclables."

## Sewer Rate Study – Completed

As directed by the board of supervisors, the staff and engineer prepared a comprehensive sewer customer rate study because of the anticipated cost increases that Manchester Township will experience beginning in 2009 as a result of the wastewater treatment plant upgrades that are required by the federal EPA to improve the water quality of the Chesapeake Bay. Manchester Township purchases sewer treatment services from York City, Sprinettisbury and Dover Township. The current sewer rates were established in 1990.

The board reviewed the results of this study, and on December 9, 2009 adopted an ordinance which imposes a surcharge of \$25.00 per quarter upon all sewer customers within Manchester Township.

A note will appear on your January sewer invoice which reads:

Effective 4/1/09 a \$25.00 surcharge will be added to this invoice. This fee will be used to help defray Manchester Township's portion of the federally mandated Chesapeake Bay Cleanup.

## Christmas Tree Recycling

Residents may bring their trees to  
York County Solid Waste Authority,  
2700 Blackbridge Road,  
between December 26, 2008 and January 31, 2009.

**FACILITY OPEN 7 DAYS A WEEK  
DURING DAYLIGHT HOURS**

**FOR MORE INFORMATION VISIT  
WWW.YCSWA.COM**

**Curb side collection is provided, you may place  
your tree at the curb with your regular trash, and  
it will be picked up by the township public works  
department December 26, 2008 through  
January 16, 2009 and will be recycled.**

## Reminder!!!

Do NOT place trash receptacles at your collection point more than 24 hours before the scheduled collection.

THIS WOULD BE A VIOLATION of Section 20-105.1 of the Manchester Township Code of Ordinances

## Sewer Backup Claims

Under the Pennsylvania Governmental Immunity Statue, Manchester Township has limited legal responsibility for sewer and water backups. You should contact your homeowners or commercial insurance agent to make sure your carry coverage for sewer and water backups under your homeowners or commercial property policy. Some homeowners policies do not include this coverage automatically. We recommend that you purchase this valuable coverage.

## Smoke Testing Sewer Lines

**NOTICE** – Manchester Township Public Works Department periodically conducts smoke tests of the sanitary sewer lines. Testing is conducted Monday through Friday from 7:00 a.m. to 3:30 p.m.

Smoke should not enter premises unless a leak is present. This smoke is non-toxic, non-corrosive, and will not leave a stain. If smoke enters a home, it will soon dissipate. Opening doors and windows will help. Any presence of smoke within the house should be reported to the township office at 764-4646. Avoid unnecessary exposure to the smoke. The smoke is relatively harmless, but all smoke is temporary and quickly disappears after exposure has ceased.

### CONSERVING WATER

*Choose water-efficient products and test your WaterSense*

A family of four uses 400 gallons of water every day. EPA's WaterSense program helps conserve water for future generations by providing information on products and programs that save water without sacrificing performance. More steps you can take:

- Don't let the water run while shaving or brushing teeth.
- Take short showers instead of tub baths.
- Keep drinking water in the refrigerator instead of letting the faucet run until the water is cool.
- Scrape, rather than rinse, dishes before loading into the dishwasher; wash only full loads.
- Wash only full loads of laundry or use the appropriate water level or load size selection on the washing machine.
- Buy high-efficient plumbing fixtures & appliances.
- Repair all leaks (a leaky toilet can waste 200 gallons a day).
- Water the lawn or garden during the coolest part of the day (early morning is best).
- Water plants differently according to what they need. Check with your local extension service or nurseries for advice.
- Set sprinklers to water the lawn or garden only – not the street or sidewalk.
- Use soaker hoses or trickle irrigation systems for trees and shrubs.
- Keep your yard healthy - dethatch, use mulch, etc.
- Sweep outside instead of using a hose.

# GENERAL INFORMATION - 2009

**GARBAGE COLLECTION** - (*Penn Waste*) During 2009, garbage collection will be one (1) time per week. Garbage containers (Bags or Covered Containers weighing no more than 50 lbs.) are limited to a maximum of **six (6) containers** per collection site. Call the township office for collection days. Garbage will **not** be collected on, **Memorial Day (May 25), 4th of July (July 4), Labor Day (Sept. 7), Thanksgiving Day (Nov. 26) or Christmas Day (Dec. 25)**. When regular collection falls on a holiday, the collection schedule may change. Watch for advertisements or call the township for information. Residents are encouraged not to place containers at pick-up point before 7:00 p.m. the evening before collection day, but **before 6:00 a.m. of the scheduled day.**

**RECYCLING** - Township provides container for weekly curbside recycling collection (aluminum, bi-metals, glass, plastic, newspapers). Notify Northern York County Regional Police Department of any vandalism, theft, or loss of containers. **BATTERIES** - Alkaline batteries are no longer recyclable. The Alert Fire Company maintains a volunteer station at 3118 North George Street, Emigsville. If you are interested in volunteering your services please contact Chief Shank at 767-1954. Emergency dial 911

**FIRE PREVENTION CODE** - Chapter 7, Part I of the codified ordinances adopt the BOCA Fire Prevention Code. Please contact the Zoning Officer or Fire Chief for information how this ordinance affects your property. **SPARKLERS**, when directly supervised by an adult, are the **ONLY** type of fireworks permitted. Firework Displays require a special permit.

**AUTOMATIC ALARM REGISTRATION** - In accordance with Chapter 10, Part 3, of the codified ordinances, all automatic alarms (police/fire) must be registered, by the user, with Manchester Township within 5 days of installation. Existing alarms should have been registered by November 15, 1988. There is a one time \$25.00 registration fee.

**STREET NUMBERS REQUIRED** - Chapter 4, Part 1 of the codified ordinances **requires posting of street address numbers** of all properties located in Manchester Township. Numbers must be **NO LESS THAN 2" w x 3" h** in a color which contrasts with their background. Buildings not visible from the street must have street numbers placed on a post not less than 24" off of ground. For additional information or questions contact the Dept. of Fire Services 767-1954.

**STREETS/ROADS** - The township maintains all public adopted streets/roads **EXCEPT** the following major roads which are maintained by the state (PennDOT 848-6230); I-83; Route 30; N. George Street; Emig Road; Lightner Road; Susquehanna Trail; Roosevelt Ave. Extd. (Bull Rd); Starview Rd.; Board Road; Church Road; Lewisberry Road; and Greenbriar Road.

**SNOW REMOVAL** - In snow emergencies, residents in developments should remove, where possible, all vehicles from streets to allow for proper snow removal. Continued parking on streets only delays snow removal. During a snow storm Manchester Township has the responsibility of keeping arterial roadways open for emergency vehicles such as fire, police, and ambulance. Developments are normally plowed after the snow has stopped.

**ZONING ORDINANCE** - Defined Home Occupations require prior approval from the township's Zoning Hearing Board. If you have questions regarding zoning, contact the Zoning Officer at the township office.

**WEEDS** - Property owners should not permit grass, weeds, or other vegetation other than plants for edible or ornamental purposes, grow to a height over twelve inches (12"). Violation of this ordinance (Chapter 10, Part 2) may result in prosecution.
