Manchester Township Sewer and Trash Customers

Effective April 1, 2016, your sanitary sewer/trash invoice will no longer be printed on a large post card.

Your invoices will now be mailed to you in an envelope. Please be aware of this change. Invoices are typically mailed the last week of March, June, September and December.

Effective February 12, 2016, First National Bank (formerly Metro Bank) will discontinue accepting payments for Manchester Township sewer/trash. This change is due to the way payments are processed.

Your sewer/trash invoices may be paid by the following methods:

Mail / In-Person / Drop Box

York, PA 17406-5699

You may also make payments on line at www.mantwp.com and click on "pay online".

ANIMAL CONTROL ORDINANCE

Ordinance #2009-05

On November 10, 2009 the Board of Supervisors adopted an animal control ordinance which is intended to encourage the proper safe care and management of animals within Manchester Township.

Please note that this ordinance addresses the keeping of domestic animals, as well as feral cat(s), and requires that anyone "keeping" a feral cat or cats, must see that they have been trapped, neutered and released (TNR) back into the wild.

The York County SPCA (717-764-6109) or Manchester Township's animal enforcement officer, Mike Ellis (717-266-1712), can provide assistance with feral cats.

The full text of Ordinance #2009-05 is available on the township's web page.

PLEASE BE RESPONSIBLE IN HELPING PROTECT PUBLIC HEALTH AND SAFETY BY PARTICIPATING IN A TNR PROGRAM TO CONTROL THE FERAL CAT POPULATION.

Home Delivered Meals

**Monday thru Friday
11:00 am – 1:00 pm**

The Home Delivered Meals Program is designed to provide a well-balanced daily meal to homebound older adults who are unable to prepare adequate meals for themselves and have no other means for assuring healthful nutrition.

On Monday, Wednesday and Friday, a hot meal is delivered to the older adult's home. Tuesday and Thursday meals are a cold bag lunch delivered with the previous day's hot meal.

Volunteers from the local senior center deliver the meals to the older adult's home. The Northeastern Senior Center is seeking volunteers for home delivered meals, please call 717-266-1400 if interested. Although this is a brief contact it does provide a check on the well being of the homebound individual. The home delivered meal service is not a cost shared service.

Monetary donations can be made to the York County Area Agency on Aging.

Care managers need to complete an in-home assessment to determine eligibility for Home Delivered Meals.

Eligibility for Home Delivered Meals

To be eligible for Home Delivered Meals services an individual must be:

- A York County resident in a non-institutional setting.
- 60 years of age or older.
- Have a physical, mental or emotional disability, which prohibits the individual from leaving his/her residence on a regular basis and/or prevents them from preparing a nutritious meal.

Living alone or with someone who also meets the above criteria.

Ever wonder what you need to do to close your street and have a Neighborhood Block Party?

During the summer and early fall the office staff often receives calls asking these very questions.

The Board of Supervisors must authorize any closures of township streets (*this does not include state roadways*)

Your request should be submitted in writing, in a timely fashion, to the attention of the township manager.

Please include the following in your request:

1. The date and time of the block party, & whether there is a rain date.
2. A drawing showing the exact location and whether there is an alternate route which can be used by motorists while the road is closed.
3. The signature of all property owners adjacent to the section of the affected road way which you would like to close indicating they have no objection.

If these easy steps are followed, the Board will most likely grant your request. Upon granting such a request, the Board directs that the township public works department drop off barricades which can be used to close the roadway during your block party. The township does request you keep all tables and chairs to one side, so in the event that there would be an emergency situation an ambulance, fire truck or police car, could easily gain access to the area by using the side of the roadway where there are no obstacles.

RENT-A-KID

This program provides an opportunity for middle and high school students to assist senior citizens in completing routine light-duty household chores, yard work, mowing lawns and shoveling snow. The goal of the **Rent-A-Kid** program is not only to get an important job done, but also to foster friendships between senior citizens and teenagers.

Senior citizens, age 60 and older, in need of assistance with chores can call the Rent-A-Kid coordinator who will provide names and phone numbers for teenagers (**Grades 7-12**) in their area. It is the responsibility of the senior citizen to contact the teenager and discuss the job to be done, when it is to be done, the rate of pay for the job, and any other arrangements that need to be made.

Recommended pay rate is \$5 per hour. However, depending on the type of work and the ability of the senior citizen to pay, the teenage may negotiate a more satisfactory rate of pay.

Teenagers interested in the Rent-A-Kid program should contact their school guidance counselor or call the Coordinator at YCAAA for an application at 717-771-9103.

Applications can also be downloaded from the website: www.ycaaa.org.

Tips from your Tax Collector

It's tax time again and I would like to remind you to **please write a contact phone number on your check**. Unlisted phone numbers make it difficult to reach you if there is a question or problem with your check, resulting in missed rebates and late payments.

The rebate period for 2016 County/Township payments ends at midnight on April 15, 2016. The office window will be open from 9:00 am to 4:30 pm on Friday, April 15th for last minute payments. Any payments received in the night drop box on the morning of April 16th will be considered paid at rebate. **Please do not ask me to break the law and accept payments after the deadline.**

I receive many requests for changes to the homeowner information on the tax bills. Please note, for your protection, I am not able to change the name printed on your tax notice. The name on the tax bill comes from the York County deed database. If you would like to change your name due to marriage, etc. it must be changed at the Recorder of Deeds office. The only exception is I can remove a deceased spouse's name from the bill at the surviving spouse's request.

Please call the tax office at 717-767-6689 with any questions.

Jean Stambaugh, Manchester Township Tax Collector

WEST NILE

How can you reduce the number of mosquitoes around your home and neighborhood?

Mosquitoes breed in standing water. Even a small bucket that has stagnant water in it for seven days can become home to up to 1,000 mosquitoes. Here are some easy tips to eliminate standing water:

- Dispose of tin cans, plastic containers, ceramic pots or similar water holding containers that have accumulated on your property. Do not overlook containers that have become overgrown by aquatic vegetation.
- Pay special attention to discarded tires that may have accumulated on your property.
- Drill holes in the bottom of recycling containers that are left out of doors. Drainage holes that are located on the container sides collect enough water for mosquitoes to breed in.
- Clean clogged roof gutters on an annual basis, particularly if the leaves from surrounding trees have a tendency to plug up the drains. Roof gutters are easily overlooked but can produce millions of mosquitoes each season.
- Turn over plastic wading pools when not in use. A wading pool becomes a mosquito producer if it is not used on a regular basis.
- Turn over wheelbarrows and do not allow water to stagnate in birdbaths. Both provide breeding habitat for domestic mosquitoes.
- Aerate ornamental pools or stock them with fish. Water gardens are fashionable but become major mosquito producers if they are allowed to stagnate. Clean and chlorinate swimming pools that are not being used. A swimming pool that is left untended by a family that goes on vacation for a month can produce enough mosquitoes to result in neighborhood-wide complaints. Be aware that mosquitoes may even breed in the water that collects on swimming pool covers.

Sewer Backup Claims

Under the Pennsylvania Governmental Immunity Statute, Manchester Township has limited legal responsibility for sewer and water backups. You should contact your homeowner's or commercial insurance agent to make sure you carry coverage for sewer and water backups under your homeowner's or commercial property policy. Some homeowner's policies do not include this coverage automatically. We recommend that you purchase this valuable coverage.

Slow Down...

The spring weather will bring some added dangers while driving in residential areas. Young children are playing outdoors, walkers, bikers, runners, and other pedestrians will also be out in force. Are you driving too fast for conditions?

The Northern York County Regional Police Department receives several complaints each week in regards to vehicles exceeding the speed limit in numerous neighborhoods. Please be mindful of your speed and the inherent dangers while driving through the neighborhood.

The Board of Supervisors and police department jointly ask you to please eliminate the risks inherent with speeding vehicles by slowing down.

Vacations

The NYCPRD offers a free service for all residents when they are away from their homes on vacation. The NYCPRD will conduct periodic home checks to insure that your home is secure while you are away. Please complete the form on www.nycrpd.org and call 911 when you return home to cancel the home check.

Relax and enjoy your vacation!

REMINDER: Turn Your Headlights On!

Penna. Act 229 of 2002, portions of which became effective on February 21, 2003, requires motorists to turn their headlights on when driving through a posted work zone.

Additionally, Act 229 establishes penalties for a motorist convicted of exceeding the work zone speed limit by 11 miles or more per hour by having his or her license suspended for 15 days.

NOT IN THE STREET!

Playing basketball in the street is an accident waiting to happen. With players running and jumping on asphalt surfaces surrounded by curbing (at times), parked and moving cars, someone is going to get hurt. There are a number of portable basketball goals being set up along the street in Manchester Township. This presents an especially dangerous situation and it slows the movement of traffic on the streets. Basketball goals also present a problem with the township's street maintenance program including street sweeping and garbage collection.

PLEASE NOTE THAT PLAYING BASKETBALL IN THE STREET IS A VIOLATION OF THE SECOND CLASS TOWNSHIP CODE THAT STATES "YOU MAY NOT OBSTRUCT ANY PUBLIC STREET OR COMMIT A NUISANCE THEREON"

Please remove your basketball goal from the street edge and keep basketball games out of the public street. Your voluntary removal of these obstructions will be greatly appreciated.

Smoke Testing Sewer Lines

Monday through Friday
7:00 am to 3:30 pm

NOTICE – Manchester Township Public Works Department periodically conducts smoke tests of the sanitary sewer lines.

Smoke **should not** enter premises unless a leak is present. This smoke is non-toxic, non-corrosive, and will not leave a stain. If smoke enters a home, it will soon dissipate. Opening doors and windows will help. Any presence of smoke within the house should be reported to the township office at **717-764-4646**. Avoid unnecessary exposure to the smoke. The smoke is relatively harmless, but all smoke is temporary and quickly disappears after exposure has ceased.

Reminder!!!

Do **NOT** place trash receptacles at your collection point **more than 24 hours** before the scheduled collection.

THIS WOULD BE A VIOLATION of section 20-105.1 of the Manchester Township Code of Ordinances. It is also a violation of section 20-210 to steal recyclable materials from recycling containers.

HOMEOWNERS' ASSOCIATIONS

Nuisance Ordinance

Per Ordinance #2007-01, don't place basketball hoops or other sporting equipment in roadway or in road right-of-way so play can occur in the street.

The following are strictly prohibited and declared a nuisance:

- The placing of mulch, stone, dirt or building materials from private property into or onto a cartway of any street.
- Basketball hoops or other sports equipment within the street or road right-of-way.
- Detached trailers or storage units within the cartway.
- Dumping of any substances (oil, grass, etc.) into any storm sewer.

Stone or brick mailboxes require a road occupancy permit before construction.

Any person who violates or fails to comply with these provisions may be fined up to \$600.00 per day.

Plan Ahead For Building Permits

All construction, additions, placement of prebuilt structures (sheds, swimming pools, etc), paving, patios, fences, and decks require that a permit be obtained **BEFORE** any work can legally be started. This includes inflatable swimming pools over 18" if new or previously removed.

State law requires the township to adopt the Uniform Construction Code (UCC), better known as the "building code". The UCC allows a municipality up to 15 working days to review a permit application for residential properties and either grant or reject the permit from the time a completed application is submitted to the municipality. A completed application includes a completely filled out application form, 3 copies of a site plan for the entire lot showing all **existing and proposed** improvements on the lot (including driveways, buildings, patios, decks, and sidewalks) with all dimensions and distances to property lines and 3 copies of all documentation related to the proposed improvements. Manchester Township strives to process the permits as quickly as possible although during busy times of the year it may take the full 15 working days. **NO WORK** can be started until you have a granted permit in hand and a placard placed in a location that can be seen from the street.

COMMUTER SERVICES OF PENNSYLVANIA

Serving Adams, Berks, Carbon, Cumberland,
Dauphin, Franklin, Lancaster, Lebanon, Monroe,
Perry, Pike, Schuylkill & York Counties

Commuter Services of Pennsylvania is a non-profit organization that offers *free* services to commuters about their options for getting to and from work. Our Rideshare and Emergency Ride Home

programs provide necessary tools to commuters in order for them to successfully switch from driving alone to a green commuting option; such as carpooling, vanpooling, bicycling, walking or riding transit. Using a green commute mode is a great way to save money and help improve air quality. For more information visit www.PaCommuterServices.org or call 1.866.579.RIDE.

NO PARKING ZONES What Do The Signs Mean?

Have you wondered what the double arrow signs, which are located under "No parking" symbol signs, represent? The "No Parking" symbol signs and related double arrows are posted in accordance with PennDOT sign regulations which require the use of the double arrow signs to inform motorists that parking is restricted BETWEEN the posted "No parking" symbol signs along the same side of the street on which the "No Parking" symbol signs are located. The double arrow signs DO NOT represent that parking is prohibited on both sides of the street.

VANDALISM COSTS YOU

Whenever there is a theft or disfigurement of road signs and other Township property, this vandalism costs tax dollars to replace and repair – dollars that could be spent elsewhere.

If you witness abuse or public property, please dial 911 to report it. If you have information after the fact, please report it to the Township office at 717-764-4646 or to the Northern York County Regional Police Department at 717-292-3647.

TREE TRIMMING

Ordinance #2014-01

On January 6, 2014 the Manchester Township Board of Supervisors adopted Ordinance #2014-01, establishing regulations which require property owners to maintain clearance of trees and similar vegetation from the street cartway (curb-to-curb) to a height above the cart way of fourteen feet (14'). Upon notification of a violation, the property owner shall have **30 days** to correct the violation prior to being subject to penalties. Ordinance #2014-01 is available for review on the township web site www.mantwp.com.

The Fire Department News

Fourth of July

Manchester Township Department of Fire Services reminds our residents that fireworks during the Fourth of July are as American as apple-pie, but did you know that more fires are reported on that day than on any other day of the year in the United States? Nearly half of these fires are caused by fireworks. The good news is you can enjoy your holiday and the fireworks, with just a few simple safety tips:

FACT: Each July Fourth, thousands of people, most often children and teens, are injured while using consumer fireworks.

FACT: The risk of fireworks injury is more than twice as high for children ages 10–14 as for the general population.

PROCEED WITH CAUTION!

- Leave fireworks to the professionals. Do not use consumer fireworks.
- The safest way to enjoy fireworks is to attend a public display conducted by trained professionals.
- After the firework display, children should never pick up fireworks that may be left over, they may still be active.

How hot does a sparkler burn?

Consumer fireworks include sparklers and firecrackers. The tip of a sparkler burns at a temperature of more than **1,200 degrees Fahrenheit**, which is hot enough to cause third-degree burns.

FIREWORKS

Questions regarding personal use of fireworks or sparklers, contact the Department of Fire Services at 717-767-1954.

Sparklers, when directly supervised by an adult are the **ONLY** type of fireworks permitted.

Firework displays **require** a special permit.

Smoking Safety

- If you smoke, use only fire-safe cigarettes.
- If you smoke, smoke outside. Most deaths result from fires that started in living rooms, family rooms and dens or in bedrooms.
- Keep cigarettes, lighters, matches, and other smoking materials up high out of the reach of children, in a locked cabinet.

Put It Out!

- Use a deep, sturdy ashtray. Place it away from anything that can burn.
- Do not discard cigarettes in vegetation such as mulch, potted plants or landscaping, peat moss, dried grasses, leaves or other things that could ignite easily.
- Before you throw away butts and ashes, make sure they are out, and dousing in water or sand is the best way to do that.

911 HANG UP CALLS

Ordinance #2007-03

It is important that all telephone owners be responsible for the proper use of their telephones so that police officers are not required to spend important patrol time in responding to false 911 calls.

An excessive number of 911 hang up calls from a telephone will result in the assessment of fees or penalties in accordance with ordinance #2007-03.

Please be responsible for the proper use of telephones.

Water Safety

The Emergency Personnel at MTDfS encourages all citizens to keep in mind that childhood drowning and near drowning can happen in a matter of seconds. They typically occur when a child is left unattended or during a brief lapse of supervision. Severe and permanent brain damage affects as many as 20 percent of near-drowning victims. Make sure your family is safe around water.

Safety basics:

- Make sure pools and spas are enclosed on four sides with a fence at least 4 feet high with a self-closing and latching gates. (or are above ground with 4' high walls.)
- Drains in pools and spas should have anti-entrapment drain covers.
- Learn infant and child CPR and always have a phone near the pool for emergency use.
- Children should always swim under the supervision of a grown-up. Every child over the age of three should have swimming lessons.
- Children using air-filled swimming aids should always be supervised by an adult within arm's reach.
- U.S. Coast Guard approved lifejacket should be worn for water sports such as tubing,

skiing or jet skiing. Air-filled aids such as inner tubes, water wings and inflatable rafts are not substitutes for approved lifejackets.

It is important for children to learn and practice water safety rules. Here are some helpful water safety rules for children:

- Children should swim only if a lifeguard or a grown-up gives you permission.
- Teach children to obey the posted rules.

Encourage children to:

- Check with the lifeguard to find out how deep the water is.
- Always swim with a buddy.
- Never jump or dive unless the lifeguard or a grown-up says it is okay to do so.
- Don't eat candy or chew gum when swimming.
- Never swim at night.
- Get out of the water right away if you hear thunder or see lightning.
- When on a boat, everyone needs a seat and his or her own U.S. Coast Guard approved lifejacket.

What Actions Do I Take if My Carbon Monoxide Alarm Goes Off?

What you need to do if your carbon monoxide alarm goes off depends on whether anyone is feeling ill or not.

If no one is feeling ill:

1. Silence the alarm.
2. Turn off all appliances and sources of combustion (i.e. furnace and fireplace).
3. Ventilate the house with fresh air by opening doors and windows.
4. Call a qualified professional to investigate the source of the possible CO buildup.

If illness is a factor:

1. Evacuate all occupants immediately.
2. Determine how many occupants are ill and determine their symptoms.
3. Call your local emergency number and when relaying information to the dispatcher, include the number of people feeling ill.
4. Do not re-enter the home without the approval of a fire department representative.
5. Call a qualified professional to repair the source of the CO.

STORM WATER MANAGEMENT REQUIREMENTS

EFFECTIVE JULY 1, 2012: (Ordinance # 2012-05)

Any building or zoning permit application that proposes any new impervious area must first satisfy the requirements of the storm water management ordinance.

Ultimately it is the property owners' responsibility to control runoff from their property.

This requirement is a mandate from the United States Environmental Protection Agency EPA, Pennsylvania Department of Environmental Protection DEP and the County of York. Manchester Township passed Ordinance 2012-05 in order to comply with the mandate. Failure to comply with the mandates would subject the township as a whole to penalties from either DEP and/or EPA.

Put simply, if property owner builds or places on their lot something that covers the ground so that rainwater cannot penetrate or that will not allow grass to grow something must be done to allow the runoff to soak into the ground under a normal rain condition.

Anyone applying for a Building or Zoning Permit is required to address the storm water runoff from any new impervious area to be installed or placed on any lot.

You will need to know the measurements of all structures, patios, sidewalks, swimming pools and paving, existing and proposed, on your lot in order obtain a storm water permit to meet these requirements **BEFORE** a building or zoning permit will be able to be issued.

When considering your spring clean up and/or landscaping, please remember to keep your trees, hedges and bushes trimmed to no higher than three feet (3') within the clear sight triangle of any intersection of any street to improve safety and visibility.

DO NOT DUMP!

It is illegal to dump anything into the storm sewers located along the streets. Do not dump used oil, gasoline, or grass clippings into the storm sewers.

MS4

Municipal Separate Storm Sewer System

PLEASE DO NOT POLLUTE

10 things we can do at home:

1. Use fertilizers sparingly and sweep up driveways and gutters.
2. Never dump anything down storm drains or in streams.
3. Vegetate bare spots in your yard.
4. Compost your yard waste.
5. Use least toxic pesticides, follow labels, and learn how to prevent pest problems.
6. Direct downspouts away from paved surfaces; consider a rain garden to capture runoff.
7. Take your car to the car wash instead of washing it in the driveway.
8. Check your car for leaks and recycle your motor oil.
9. Pick up after your pet.
10. Have your septic tank pumped and system inspected regularly.

Recycling Is Now Easier Than Ever With New Containers from Penn Waste!

Penn Waste is proud to offer, at no cost to our customers, a new 65 gallon recycling container to each home in Manchester Township.

What are some of the advantages of our new recycling containers?

- The new bins have a lid that allows for better quality recycling – recyclables stay dry.
- The lids also help to control pests, keeping insects, rodents and other wildlife out of the bins.
- Lids also help to keep your recyclables in the container on windy days.
- There is more room for recycling, so residents can recycle more. If you would like, you can also reduce the amount of times you place your container at the curb with the extra space.
- The wheels make it easier to bring to the curb for collection.

Creating a green community together.
