## Home Delivered Meals

The Home Delivered Meals Program is designed to provide a well-balanced daily meal to homebound older adults who are unable to prepare adequate meals for themselves and have no other means for assuring healthful nutrition.

On Monday, Wednesday and Friday, a hot meal is delivered to the older adult's home. Tuesday and Thursday meals are a cold bag lunch delivered with the previous day's hot meal. The delivery of meals may occur any time between 11:00 AM and 1:00 PM.

Volunteers from the local senior center deliver the meals to the older adult's home. Although this is a brief contact it does provide a check on the well being of the homebound individual.

The home delivered meal service is not a cost shared service. Monetary donations can be made to the York County Area Agency on Aging. Care managers need to complete an in-home assessment to determine eligibility for Home Delivered Meals.

### Eligibility for Home Delivered Meals

To be eligible for Home Delivered Meals services an individual must be:

- A York County resident in a non-institutional setting.
- 60 years of age or older.
- Have a physical, mental or emotional disability, which prohibits the individual from leaving his/her residence on a regular basis and/or prevents them from preparing a nutritious meal.
- Living alone or with someone who also meets the above criteria.

## Fighting Grease

Just like fats, oils and greases are bad for your arteries they're bad for sewers, too.

Grease sticks to the inside of pipes (both on your property and in the streets). Over time, the grease can build up and block the entire pipe. This can result in raw sewage overflowing into your home, yard, street, etc.

The easiest way to solve the grease problem and prevent overflows of raw sewage from happening is to keep the grease out of the sewer system in the first place.

### Here's how you can help

- Never pour grease down sink drains or into toilets.
- Scrape grease and food scraps from trays, pots, pans, utensils and grills into a can or the trash for disposal.

Sewer overflows and blockages can cause health hazards, damage to home interiors and threaten the environment. Manchester Township Sewer Crew performs routine maintenance on all township owned sewer lines.

Please help us keep our lines flowing smoothly.

## Rent-A-Kid

This program provides an opportunity for middle and high school students, in grades 7 through 12, to assist senior citizens in completing routine light-duty household chores, yard work, mowing lawns and shoveling snow. The goal of the Rent-A-Kid program is not only to get an important job done, but also to foster friendships between senior citizens and teenagers.

Senior citizens, age 60 and older, in need of assistance with chores can call the Rent-A-Kid coordinator who will provide names and phone numbers for teenagers in their area. It is the responsibility of the senior citizen to contact the teenager and discuss the job to be done, when it is to be done, the rate of pay for the job, and any other arrangements that need to be made.

Recommended pay rate is \$5 per hour. However, depending on the type of work and the ability of the senior citizen to pay, the teenager may negotiate a more satisfactory rate of pay.

Teenagers interested in the Rent-A-Kid program should contact their school guidance counselor or call the Coordinator at YCAAA for an application at 771-9103. Applications can also be downloaded from the website:

[www.ycaaa.org](http://www.ycaaa.org)

## Sewer Backup Claims

Under the Pennsylvania Governmental Immunity Statue, Manchester Township has limited legal responsibility for sewer and water backups. You should contact your homeowners or commercial insurance agent to make sure you carry coverage for sewer and water backups under your homeowners or commercial property policy. Some homeowners policies do not include this coverage automatically. We recommend that you purchase this valuable coverage.

## Smoke Testing Sewer Lines

NOTICE – Manchester Township Public Works Department periodically conducts smoke tests of the sanitary sewer lines. Testing is conducted Monday through Friday from 7:00 a.m. to 3:30 p.m.

Smoke should not enter premises unless a leak is present. This smoke is non-toxic, non-corrosive, and will not leave a stain. If smoke enters a home, it will soon dissipate. Opening doors and windows will help. Any presence of smoke within the house should be reported to the township office at 764-4646. Avoid unnecessary exposure to the smoke. The smoke is relatively harmless, but all smoke is temporary and quickly disappears after exposure has ceased.

## ***Snow Removal***

It's that time of year again. Time to get out the snow shovel and de-icer and get ready for whatever winter may bring. In an effort to expedite the snow removal from the street we ask that you PLEASE remove your vehicle from the street during a storm. This will enable the Public Works Department to clear the streets and get you on your way in a reasonable amount of time.

The Public Works Department has 11 trucks equipped with snowplows to take care of the township streets and state roadways as listed. We will do our best to clear your streets, so please be patient and remember we have probably worked many hours before you have to start shoveling.

Thank you – Manchester Township Public Work Department

In addition to 91.35 miles of adopted township streets, Manchester Township has an agreement with PennDot to provide winter maintenance services on the following 7.43 miles of state roadways:

### **CHURCH ROAD**

(from Susquehanna Trail west to Township Line)

### **GREENBRIAR ROAD**

(from Roosevelt Avenue to Township Line)

### **SUSQUEHANNA TRAIL**

(from Stillmeadow Lane to Church Road)

Please note that for public safety purposes, arterial roadways receive priority attention before development streets are cleared of snow.

### **HELPFUL HINT:**

When shoveling out the mouth of your driveway, deposit snow to the right or "downstream." This will help to avoid the redepositing of the snow in your driveway when the plow comes to your street. Remember it is impossible not to have snow pushed into your driveway. Please do not throw the snow from your property into the street.

## ***Used Car Batteries***

NOTE: Used car batteries can still be taken to any retail outlet that sells car batteries. Under Act 101; Pennsylvania's Municipal Waste Planning, recycling and Waste reduction Act of 1988, retail outlets that sell car batteries must accept the used car batteries at no cost.

## ***Mail Box Policy***

Manchester Township IS NOT RESPONSIBLE for mailboxes damaged during snow removal since they are located in the street right-of-way

### *Organizer Receives American Red Cross Award*

**Deborah Perry**

On October 28, 2010, Manchester Township resident Deborah Perry was recognized at the 2010 American Red Cross Heroes of York and Adams

Counties Award Breakfast. Ms. Perry was one of 15 caring individuals who went above and beyond in their duties as everyday citizens to make a vision become reality for the benefit of many children and their families.

In 2007, after viewing a segment on the Today Show that featured a barrier-free playground built by volunteers, Debbie was determined to make a difference and improve

the quality of play for children with physical and mental disabilities in York County. Debbie organized a committee of volunteers to establish the Inspiring H.O.P.E. (Helping Others Play Equally) organization that raised funds to establish York County's first barrier-free playground at Cousler Park in Manchester Township. The committee, under Debbie's direction, achieved its goal of raising \$450,000 by November 2009. With donation commitments in hand, then Debbie coordinated the design phase that included critical input from children with special needs. Debbie's dream became a reality during the week of May 16-23, 2010, when nearly 2,000 volunteers assisted in constructing the playground that now makes it possible for more than 500 disabled children in York County to play equally with other children.

Manchester Township applauds Debbie Perry's vision and tireless efforts, and congratulates her on the recognition by the American Red Cross.
