Storm Water Management Requirements

Any building or zoning permit application that proposes any new impervious area must first satisfy the requirements of the storm water management ordinance.

Ultimately it is the property owners' responsibility to control runoff from their property.

This requirement is a mandate from the United States Environmental Protection Agency EPA, Pennsylvania Department of Environmental Protection DEP and the County of York. Manchester Township passed Ordinance 2022-06 in order to comply

with the mandate. Failure to comply with the mandates would subject the township as a whole to penalties from either DEP and/or EPA.

Put simply, if property owner builds or places on their lot something that covers the ground so that rainwater cannot penetrate or that will not allow grass to grow something must be done to allow the runoff to soak into the ground under a *normal* rain condition.

Anyone applying for a Building or Zoning Permit is required to address the storm water runoff from any new

impervious area to be installed or placed on any lot.

You will need to know the measurements of all structures, patios, sidewalks, swimming pools and paving, existing and proposed, on your lot in order obtain a storm water permit to meet these requirements **BEFORE** a building or zoning permit will be able to be issued.

Plan Ahead For Building Permits

All construction, additions, placement of prebuilt structures (sheds, swimming pools, etc), paving, patios, fences, and decks require that a permit be obtained **BEFORE** any work can legally be started. *This includes inflatable swimming pools over 18" if new or previously removed.*

State law requires the township to adopt the Uniform Construction Code (UCC), better known as the "building code". The UCC allows a municipality

up to 15 *working* days to review a permit application for residential properties and either grant or reject the permit from the time a *completed application* is submitted to the municipality. A completed application includes a completely filled out application form, 3 copies of a site plan for the entire lot showing all **existing and proposed** improvements on the lot (including driveways, buildings, patios, decks, and sidewalks) with all

dimensions and distances to property lines and 3 copies of all documentation related to the proposed improvements. Manchester Township strives to process the permits as quickly as possible although during busy times of the year it may take the full 15 working days. **NO WORK** can be started until you have a granted permit in hand and a placard placed in a location that can be seen from the street.

Tips from your Tax Collector

It is tax time again and I would like to remind you to **PLEASE WRITE A CONTACT PHONE NUMBER ON YOUR CHECK!** Unlisted phone numbers make it difficult to reach you if there is a question or problem with your check.

School real estate bills for the 2022-2023 tax year were mailed on July 15, 2022. Those properties enrolled in the Homestead/Farmstead relief program will show a discount on the school tax bill.

The rebate period for 2022 school tax payments ends at midnight on Thursday, September 15, 2022. The window will be open from 9 am to 4:30 pm that day and a secure night slot is available on the **outside** of the township building for last minute payments. Please don't ask me to break the law and accept payments after the deadline!

If you pay by mail and need a stamped receipt for the PA Property Tax/Rent Rebate, enclose both halves of the bill along with a self-addressed, stamped envelope with your payment.

Please call the tax office at 717-767-6689 with any questions.

Jean Stambaugh / Manchester Township Tax Collector

When: Tuesday, Wednesday, Thursday

Time: 12:00 pm - 3:00 pm

Special Hours: Thurs., September 15 (9:00 am – 4:30 pm)

Weather Warnings

With the winter months upon us, please take note of the following warning terms that PEMA (Pennsylvania Emergency Management Agency) advises are used when broadcasting alerts:

WINTER STORM WATCH – Be alert. A storm is likely.

WINTER STORM WARNING – Take action. The storm is in or near the area.

BLIZZARD WARNING – Snow and strong winds combined will produce blinding snow, near zero visibility, deep drifts and life-threatening wind chill. Seek refuge immediately.

WINTER WEATHER ADVISORY – Winter weather conditions are expected to cause significant inconveniences and may be hazardous, especially to motorists.

FROST/FREEZE WARNING – Below freezing temperatures are expected to cause significant damage to plants, crops or fruit trees.

FLASH FLOOD WATCH – Be alert to signs of flash flooding and be ready to evacuate on a moment's notice.

FLASH FLOOD WARNING – A flash flood is imminent. Act quickly to save yourself because you may have only seconds to react.

FLOOD WARNING – Flooding has been reported or is imminent. Take necessary precautions.

Smoke Testing Sewer Lines | When: Monday through Friday. | 7:00 am to 3:30 pm

NOTICE — Manchester Township Public Works Department periodically conducts smoke tests of the sanitary sewer lines.

Smoke **should not** enter premises unless a leak is present. This smoke is non-toxic, non-corrosive, and will not leave a stain. If smoke enters a home, it will soon dissipate. Opening doors and windows will help. Any presence of smoke within the house should be reported to the township office at **717-764-4646**. Avoid unnecessary exposure to the smoke. The smoke is relatively harmless, but all smoke is temporary and quickly disappears after exposure has ceased.

Department Of Fire Services

Manchester Township Career Firefighters Offer Reflective Address Markers.

Firefighters and emergency personnel may need to find your home quickly if an emergency occurs. It is difficult for emergency personnel to find homes and businesses when address numbers are not properly posted.

Applications for address markers are available at:

3200 Farmtrail Road,
York, PA 17406

Cost: \$15.00

Snow Removal

Snow removal presents a challenge to Manchester Township. During an active snowstorm the public works department will attempt to keep open the major routes (arterial and collector) streets of Manchester Township to facilitate the movement of emergency vehicles. As a storm subsides the snowplows will methodically plow each and every public street in Manchester Township. Residents can assist the public works department by moving, where possible, vehicles off of the streets during and after the storm event.

According to the Pennsylvania Second Class Township Code, responsibility for the maintenance of sidewalks rests with the adjoining property owner. Therefore, remember to be a good neighbor and remove snow from sidewalks to keep them safe for pedestrians.

The Township is NOT RESPONSIBLE for damage to mailboxes since they are located in the right-of-way.

Manchester Township **DOES NOT** provide snow and ice removal on any state roadways.

Helpful Hints

1. When shoveling out the mouth of your driveway, deposit snow to the right or "downstream." This will help to avoid the re-depositing of the snow in your driveway when the plow comes to your street. Remember it is impossible to not have snow pushed into your driveway. Please do not throw the snow from your property into the street.
2. Please allow yourself some additional time to travel.
3. Use common sense and "Be Patient."
4. Keep a flashlight, a battery powered radio and emergency equipment available in case of a disruption in power.

Fire Hydrants

Clearing snow away from fire hydrants is a very important responsibility.

The fire department asks residents to clear a **36-inch path around hydrants** to allow for access.

If you join together with your neighbors, it only takes a few minutes to ensure the fire hydrants are clear of snow. Please take the few extra minutes needed to protect your home and family.

Sewer Backup Claims

Under the Pennsylvania Governmental Immunity Statute, Manchester Township has limited legal responsibility for sewer and water backups. You should contact your homeowner's or commercial insurance agent to make sure you carry coverage for sewer and water backups under your homeowner's or commercial property policy. Some homeowner's policies do not include this coverage automatically. We recommend that you purchase this valuable coverage.

MS4 / Municipal Separate Storm Sewer System

PLEASE DO NOT POLLUTE.

10 things you can do at home:

1. Use fertilizers sparingly and sweep up driveways and gutters.
2. Never dump anything down storm drains or in streams.
3. Vegetate bare spots in your yard.
4. Compost your yard waste.
5. Use least toxic pesticides, follow labels, and learn how to prevent pest problems.
6. Direct downspouts away from paved surfaces; consider a rain garden to capture runoff.
7. Take your car to the car wash instead of washing it in the driveway.
8. Check your car for leaks and recycle your motor oil.
9. Pick up after your pet.
10. Have your septic tank pumped and system inspected regularly.

Project Lifesaver provides law enforcement with a program designed to protect, and when necessary, quickly locate individuals with cognitive disorders who are prone to the life threatening behavior of wandering. The necessity of this program was determined through the correlation between cognitive conditions and the act of wandering. The program has grown from a localized program to a program recognized internationally as a proven and effective method of "bringing loved ones home."

The method relies on proven radio technology and specially trained search and rescue teams. Citizens enrolled in Project Lifesaver wear a small transmitter on the wrist or ankle that emits an individualized frequency signal. If an enrolled client goes missing, the caregiver notifies their local Project Lifesaver agency, and a trained emergency team responds to the wanderer's area. The first responders will then use the client's individualized frequency to locate the position of the individual.

The Northern York County Regional Police Department has nine officers trained in the operation of the Project Lifesaver Program. Four of these officers are School Resource Officers.

If you are a Parent, Guardian or Care-giver of an individual that is at risk of wandering away and you feel they should be enrolled in the Project Lifesaver Program please visit www.nycrpd.org and complete the information on the Project Lifesaver Page located on the right side of the home page.

If you don't believe that your loved one is a wandering risk but would like to provide the NYCRPD with information about their at risk or special circumstances, please visit www.nycrpd.org and complete the information on the At Risk Individual / Special Circumstances Page located on the right side of the home page.

4th Annual Lanterns of Light

A floating memorial event to benefit Pappus House

4th Annual Lanterns of Light

Join Pappus House to honor, remember, and celebrate the lives of loved ones who have gone before us.

Purchase and personalize floating lanterns in memory of your loved ones and/or in honor of a Pappus House resident. Then gather with us at sunset for a memorial ceremony with Emcee Lori Burkholder where the twinkling lanterns will be launched into the water, a heartfelt celebration of light and love.

For more information and to reserve your lanterns, visit www.pappushouse.org or call 717-893-5310.

Proceeds from this annual event benefit Pappus House, York's only home dedicated to end-of-life care.

When: Sunday, October 9, 2022

(rain date October 16, 2022)

Time: 6:00 pm

Where: Cousler Park (at the pond),

1060 Church Road
